

Session 5: Invasive Cancer Audit - Practical Microscopy Workshop.
Mrs Alison Cropper, Derby.

Alison Cropper is a BMS Consultant and Cervical Screening Co-ordinator for Cytology at Derby Hospital NHS Foundation Trust where she has worked since 2000. Alison's 90 minute workshop will include a short presentation about the background to the audit of invasive cervical cancers and examples of interesting cases that she has reviewed as part of this audit. These cases will be a combination of conventional slides and Surepath samples
